ENTREPRISE FRANÇAISE AUX SAVOIR-FAIRE ARTISANAUX ET INDUSTRIELS D'EXCELLENCE

FRENCH FIRMS WITH HANDMADE AND INDUSTRIAL KNOWLEDGE

Le savoir-faire ne doit pas rester figé dans sa pratique, il doit être la source permanente de l'innovation. SCIAE représente ces entreprises françaises qui ont su adapter leurs compétences acquises de longue date aux nouvelles technologies. Du design à la conception, SCIAE utilise les applications informatiques les plus performantes pour produire les objets de demain avec la maîtrise d'hier et les outils d'aujourd'hui.

Know-how should not remain stagnant in its practice; it should be a continuous source of innovation. SCIAE embodies those French companies that have successfully adapted their long-standing skills to new technologies. From design to conception, SCIAE uses the most efficient computer applications to produce tomorrow's objects with yesterday's mastery and today's tools.

AU COEUR DE LA IN THE HEART OF CHAMPAGNE CHAMPAGNE

Au cœur de la Région Champagne-Ardenne SCIAE porte haut le savoir-faire français et son esprit d'innovation.

Based in the heart of the Champagne-Ardenne, Sciae showcases the French flare and attention to detail

NOUS DEVELOPPONS WE DEVELOP EXPORTS L'EXPORTATION...

... par nos performances

Les produits exportés sont de plus en plus internationalisés dans leur conception. La réactivité sur les délais, l'efficacité du Service Après-Vente, assurent la performance de l'entreprise, soutenue par un excellent rapport qualité/prix. La structure organisée mise en place face aux exigences des centrales d'achats, conforte la SCIAE dans son positionnement international.

Le département Export réalise 35% du Chiffre d'Affaires. Les marchés s'étendent dans le monde entier. La SCIAE est présente chaque année sur les salons internationaux de Cologne, Milan, Shanghai, MOW Bartrup,

... with our performance

The products we export are increasingly international in their concept. To guarantee the performance of our company, we react quickly on time requirements and offer the most efficient customer service as well as an excellent quality-price ratio. The organisation and structure we have put in place to answer the needs of purchasing groups has consolidated SCIAE's international position.

The export department sales represent 35% of total turnover. Our market are expanding throughout the world. SCIAE is present every year in the international trade shows in Cologne, Milan, Paris, MOW Bartrup, ...

LE RESPECT DE RESPECT OF ENVIRONMENT L'ENVIRONNEMENT

Inscrite dans une démarche volontaire de protection de l'environnement, SCIAE est une entreprise citoyenne qui souhaite atteindre un bon niveau de performance environnementale. La prise en compte des impacts de nos activités produits et services sur l'environnement, est constante. Notre démarche s'inscrit dans le contexte d'une réglementation de plus en plus stricte et d'une prise de conscience de la responsabilité des entreprises concernant la protection de l'environnement et le développement durable.

In line with a voluntary environmental policy, SCIAE is a socially responsible company willing to achieve a satisfactory environmental performance. We continuously take into consideration the environmental impact of our goods and services activities.

Our approach is consistent with a context linked to more and more severe regulations, and a higher awareness of the company's responsibility in environmental protection and sustainable development.

La SCIAE souhaite renforcer son engagement en matière de responsabilité sociétale des entreprises (RSE) en initiant une nouvelle étape : la réalisation de son premier bilan carbone. Cette démarche volontaire s'inscrit dans une volonté de mesurer précisément l'empreinte environnementale de ses activités. Elle permettra d'identifier les principaux postes d'émissions de gaz à effet de serre et de mettre en place des actions concrètes de réduction. En adoptant cette approche, La SCIAE affirme sa volonté d'agir durablement pour le climat. Ce projet s'inscrit dans une stratégie globale d'amélioration continue et de transparence.

The SCIAE wants to strengthen its commitment to corporate social responsibility (CSR) by initiating a new stage: the achievement of its first carbon balance sheet. This voluntary approach is part of a desire to accurately measure the environmental footprint of its activities. It will identify the main greenhouse gas emissions and implement concrete actions to reduce them. By adopting this approach, SCIAE affirms its commitment to sustainable climate action. This project is part of an overall strategy for continuous improvement and transparency.

ENVIRONNEMENT, UNE ENVIRONMENT, ACTIVE PARTICIPATION PARTICIPATION ACTIVE

Dans une démarche de protection de l'environnement et soucieuse de participer activement à la politique de développement durable, la société SCIAE mesure son impact environnemental par le respect des normes européennes, de la conception à la production de ses meubles.

As part of an environmental protection approach and keen to actively participate in sustainable development policy, SCIAE measures its environmental impact for compliance with European standards, from the design to the production of its furniture.

PEFC : LEADER MONDIAL DE PEFC WORLD LEADER IN FOREST CERTIFICATION LA CERTIFICATION FORESTIÈRE

La certification PEFC est représentée par PEFC Council (PEFCC), Organisation internationale Non Gouvernementale à but non lucratif depuis 1999. Avec près de 55 pays membres et plus de 330 millions d'hectares de forêt certifiés, PEFC est le leader mondial de la certification forestière et la première source de bois certifié dans le monde.

Cette certification a pour ambition de préserver les forêts, de garantir le respect de ceux qui y vivent, y travaillent et s'y promènent, mais aussi de pérenniser la ressource forestière pour répondre aux besoins en bois de l'Homme aujourd'hui et pour l'avenir. Les produits SCIAE sont certifiés PEFC, garantissant le respect de la forêt depuis 2014, soit 10 ans. Choisissez la durabilité sans compromis sur la qualité et l'esthétique. Faites un choix responsable avec SCIAE.

PEFC, LA FORÊT COMPTE SUR VOUS !

PEFC Certification is represented by the PEFC Council (PEFCC), an international non-profit non-governmental organization since 1999. With nearly 55 member countries and more than 330 million hectares of certified forest, PEFC is the world leader in forest certification and the first source of certified wood in the world.

This certification aims to preserve the forests, to guarantee respect for those who live, work and walk in them, but also to perpetuate the forest resource to meet the wood needs of man today and for the future. SCIAE products are PEFC certified, guaranteeing respect for the forest since 2014, or 10 years. Choose durability without compromise on quality and aesthetics. Make a responsible choice with SCIAE.

PEFC, THE FOREST COUNTS ON YOU!

UNE LAQUE EKOLOGISAL LACQUER ÉCOLOGIQUE...

Chez SCIAE, nous avons pris le parti de cette laque à l'eau sans solvant pour donner de belles couleurs et une grande brillance à vos meubles. Débarrassés des composés organiques volatils, nos meubles respirent et surtout, ils préservent la santé de votre famille et celle de la nature !

Les laques à l'eau sans solvant chimique tiennent aussi bien aux surfaces que les peintures classiques. Elles ont la même capacité couvrante et sont encore plus brillantes. Testées et approuvées nos laques à l'eau sont plus efficaces que celles de synthèse car elles pénètrent mieux les matières. Elles laissent respirer les surfaces. La durée de vie, elle est exactement la même. Enfin, plus d'odeur volatile de laque, il faut savoir que les laques à l'eau sont inodores !

La laque écologique est saine et respectueuse de votre entourage, de notre équipe qui l'utilise et bien sûr de notre planète.

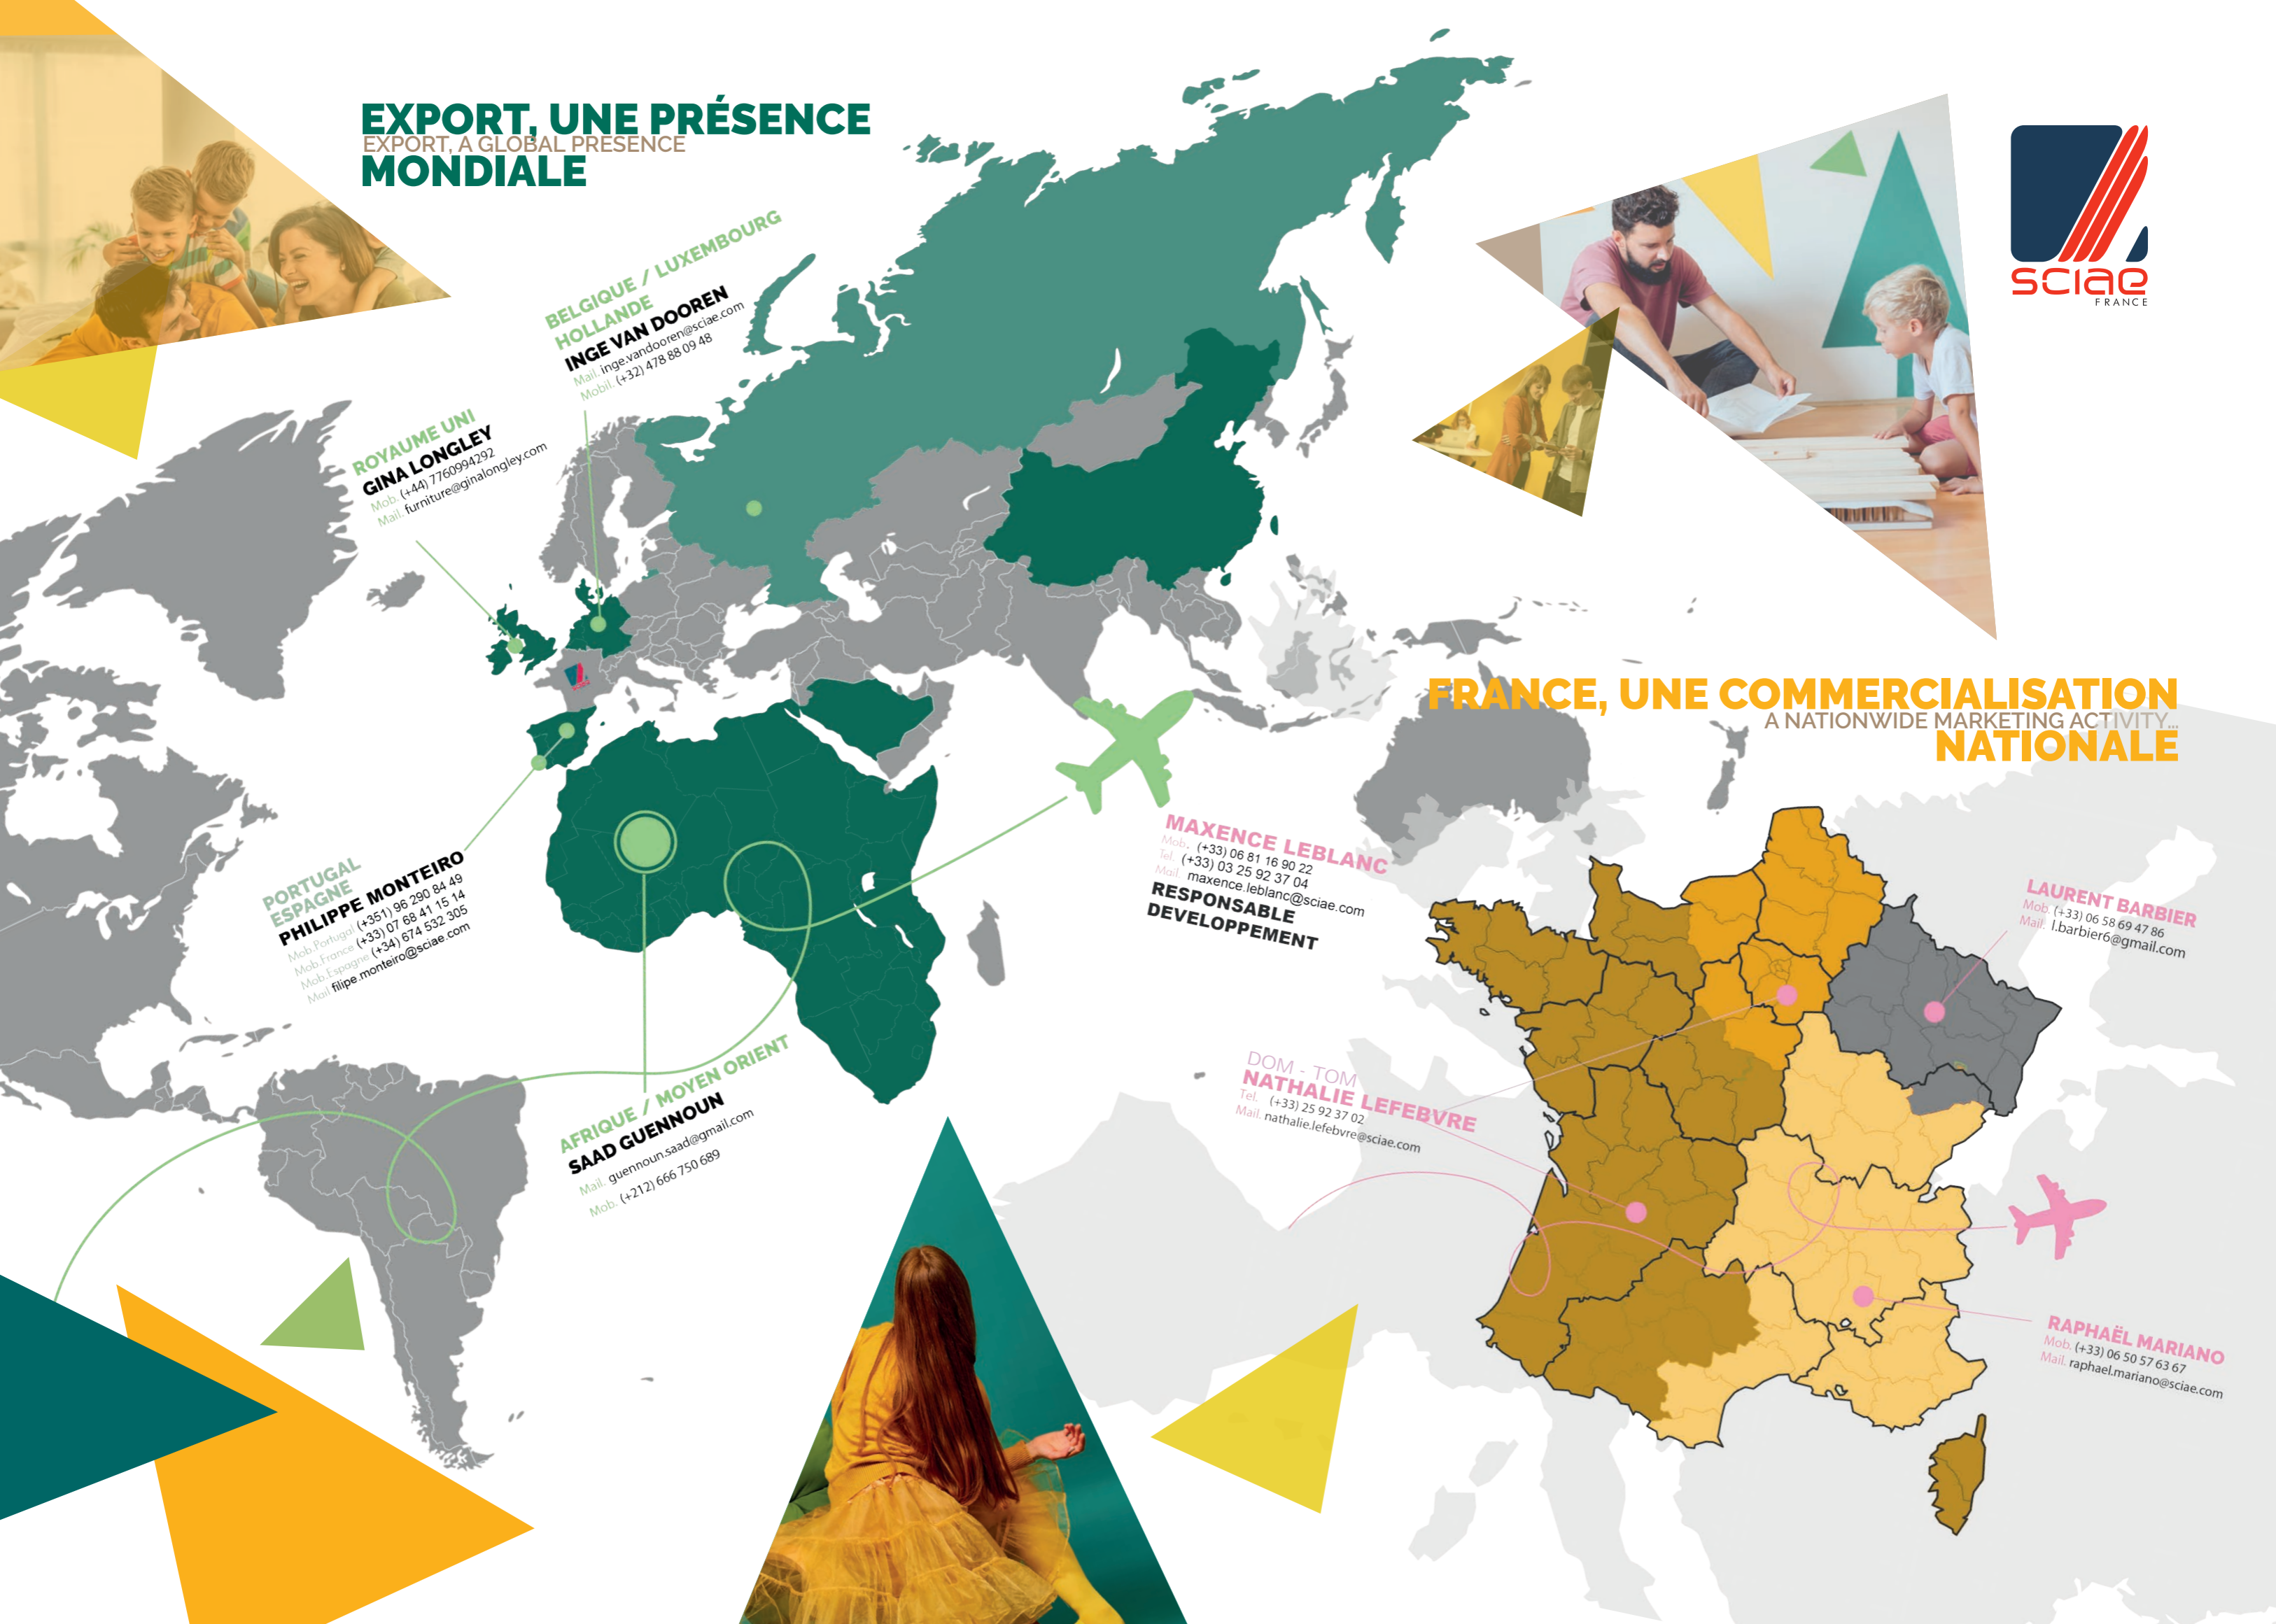

At SCIAE, we have chosen a water-based lacquer without solvent to give beautiful colors and great shine to your furniture. Free of volatile organic compounds, our furniture breathes and above all, it preserves the health of your family and that of nature!

Not only does water-based lacquers without chemical solvents hold up to surfaces as well as conventional paints but they also have the same covering capacity and are even brighter. Tested and approved our water-based lacquers are more effective than synthetic ones because they penetrate materials better. And let surfaces breathe. Their lifespan is exactly the same. Finally, no more smells of lacquer, you should know that water-based lacquers are odorless!

Ecological lacquer is healthy and respectful of your surroundings, of our team that uses it and of course of our planet.

100% ECO RESPONSABLE

GRAPHIC

Step into a world where modern design meets the softness of natural materials. This furniture range subtly combines light wood, clean lines, and graphic touches to create a space that is warm, bright, and undeniably on trend.

The sideboard and bookcase, blending textured wood with marble-effect fronts, bring a discreet sophistication while offering practical storage solutions.

The round table with crossed legs, a true centerpiece, creates a welcoming atmosphere-perfect for sharing moments with family and friends. Around it, the modern chairs with metal legs provide optimal comfort and a bold sense of style.

NATURAL

The Dawson collection draws inspiration from a subtle balance between countryside charm and the raw character of artists' studios. It combines the warmth of wood-authentic and full of life with a clean aesthetic reminiscent of creative spaces where every detail has a purpose.

Its structured silhouettes evoke the sturdy furniture of rural homes, while the refined finishes bring an artisanal, workshop-like touch where the material is allowed to fully express itself. Dawson thus blends natural elements, rustic appeal, and a strong sense of design.

These pieces convey both a strong and soothing personality: furniture that reflects the passage of time, the craftsmanship behind each creation, and the simple beauty of objects designed to last.

CHARMED

With the TERRA collection, rediscover the charm of furniture inspired by nature and raw materials. Designed to create a soothing, warm, and harmonious space, TERRA subtly combines textured wood, mineral tones, and contemporary lines.

This collection stands out for its authentic character: wooden fronts with golden hues, mineral accents reminiscent of stone, and solid shapes that bring an elegant presence to every room. Whether it's the sideboard, display cabinet, or table, each piece offers a perfect balance between natural style and modern functionality.

TERRA has been designed to fit seamlessly into any interior: charming homes, modern spaces, or bohemian atmospheres. It instantly brings a sense of well-being through its warm materials, generous volumes, and refined simplicity.

Embrace the TERRA collection— an invitation to live in a setting where nature, softness, and design become one.

SO SWEET

PEUT MÊME HÉBERGER
UN CHAT PHILOSOPHE
(OU VOS SECRETS, AU CHOIX).

*might even host a
philosophical cat
(or your secrets, your choice)*

CHARMED

Welcome to the Plum universe, where the bedroom becomes much more than just a place to sleep... it's a soft pause, a stylish refuge, a visual hug.

Here, every piece of furniture seems to have taken a meditation class before arriving in your home. The bed, with its rounded lines and light wood, never shouts — it whispers. It tells you: "stay just five more minutes..." (and we all know how that ends). Its enveloping headboard creates a cocoon-like feeling, perfect for disconnecting from the outside world without guilt.

The bedside tables? Minimalist, but never boring. They embrace the "less but better" philosophy with quiet elegance. One holds your books and your evening thoughts, the other... might even host a philosophical cat (or your secrets, your choice).
